## Charged With Illegal Fishing

Stanley Bromley and Fred Bennett, of Hume, Alta., appeared before H. J. Raymer, J. P., Mirror, last Monday morning on a charge of illegal fishing in Buffalo Lake. J. D. Nelson, Dominion Fisheries Inspector of Edmonton, prosecuted. He pleaded for leniency, on behalf of the accused, and they were let out on suspended sentence, and given to understand that fishing regulations were not to be entered. No costs were imposed.

## Balfour Regrets U.S. Cannot Go On to a Finish

London.—Arthur J. Balfour, Lord president of the council, in a speech in London on world reconstruction, said: "One of the greatest of our allies feel that they cannot go through with us to the end in this process of reconstruction. I am not going to criticize, because I think it out of place for any foreigner to criticize any foreign power, but it would be a very poor compliment to my American friends to say we regard with indifference the fact that they have not seen their way clear to carry their own co-operation with us in this work of international reconstruction to the end."

"We are grateful," he continued, "but I confess I had dreams that a work so nobly begun would be effectively carried through." Mr. Balfour expressed the belief that the future of the world would be assisted incalculably if the great

English-speaking nations worked together in the cause of liberty and peace. "I know well in the cause of liberty and peace American co-operation will still be forthcoming," he said. "I know they are not going to abandon as a nation, and that no party in the United States is going to abandon these great ideals."

The speaker said he was bound to admit, however, that it seems more than likely that "we cannot count on the fall on direct action which would make the assistance of the great American democracy of ten-fold value, should it be forthcoming."

"Therefore," Mr. Balfour went on, "I, and I know that what I say will not be misunderstood by my American friends, even by those most convinced that the true interests of their country lie in the opposite direction to me, a feeling of deepest regret that much of the common work between the two countries should come to an end before its fruition could be enjoyed by the world at large."

## Want Recognition Of Bolsheviks

British Unions Ask for Early Peace With Russia  
London.—The trades union congress in session adopted a resolution calling upon the government to consider immediately peace overtures of the soviet government and raise the blockade between Russia and the outside world, and demanding the right for an independent inquiry into political industrial and commercial conditions in Russia.  
The resolution also instructs the parliamentary committee to appoint a delegation to visit Russia.

**Go to Jail for a Friend**  
London.—Rather than have his trench coat go down for ten days on a charge of intoxication, Sergeant James, a veteran of the war, who is in civilian volunteer to take his friend's place. The request was granted.

## Huge Sum Required For Military Use

Ottawa, Ont.—Though Canada is back to the basin of peace, it may be deemed necessary to spend as much as \$25,000,000 next year for military purposes. Estimates of the Militia Department are now under preparation, and the total cost covers the anticipated outlay upon the militia.  
It is an increase of \$13,000,000 compared with the ante-war period. The cost of material, food, etc., is almost wholly blanked for it.

A report will be presented shortly as to the future of the Canadian militia, what units will be maintained and what ones discarded.  
The carrying out of this plan will depend much upon the extent to which the granting of the draft estimates when revised by the treasury board and the government.

## Coal Strike Settled

Men Will Return at Once With Increase of 14 Per Cent. in Wages

Indianapolis.—The strike of 400,000 bituminous coal miners of the country was settled here, when the general committee of the United Mineworkers of America agreed to accept the plan offered by President Wilson.

The plan provides that the miners shall return to work at once at an increase of 14 per cent. in wages; that a commission of three persons be appointed to investigate and determine within 60 days, if possible, a basis for a new wage agreement. The conference was made up of international and district officials and members of the executive board and scale committees of the organization.

German-Dutch Frontier Closed Again.—The German-Dutch frontier has been closed to civilians.

## Canadians Are Given Boulton Wood Site

Two Other Sites Also Presented for Memorials to Canadian Heroes

London.—Comte de Franquetot, owner of Boulton Wood, has presented the site desired as a memorial to commemorate the gallant exploits of the Canadian people, according to Gen. Hughes, who is in charge of the erection of memorials in France and Belgium.

Gen. Hughes, who has just returned from the continent, states also that he is assured that the Belgian government is preparing to present the three sites chosen, as typifying in some small manner that the nation is grateful for Canada's sacrifices in the war. Full arrangements have been completed for the purchase of the three remaining sites in France.

Gen. Hughes is sailing to Canada on the Empress of France, and will proceed to his department. An office has been opened at Arras. The general will return in the spring to begin the construction of roads and sites. Meanwhile, he understands the government is to open competitions for designs.

## Fight Between Austria and England

Captain Ross Smith Wins Prize of £10,000 for Successful Performance

Port Darwin, Australia.—Captain Ross Smith, the Australian aviator, has arrived here from England, thus winning the prize of ten thousand pounds sterling offered for the first aviator to make the voyage.

Under the conditions laid down by the Australian government when it offered a prize for making a flight from England to Australia, the distance of 11,500 miles had to be covered within 30 days. Captain Ross Smith left Hounslow aviation field, near London, at 9 o'clock, November 12, on his flight to Australia. On November 18 he reached Cairo, and on November 19 continued his flight, reaching Delhi, India, on November 23. From there he continued east until he reached Rangoon, turning a southward at that city, making a number of stops along the Malay Peninsula and in the islands of Oceania. He arrived at Suva, on Suva Island, near Java, on the evening of December 7.  
Port Darwin is near the northernmost tip of Australia, being near the town of Palmerston.

**Sugar Crop**  
San Juan, Porto Rico.—Two Porto Rican central stations are now grinding cane, the sugar from which will be ready for shipment by December 15. The new sugar will retail locally at 16c a pound. The new crop is estimated at 478,000 tons, or 70,000 tons larger than the last crop.

**Reval, Estonia.—**The Bolsheviks have begun a new offensive on the Narva front. After terrific artillery fire, the assaults were directed from the Estonian positions. All the attacks were repulsed, the reports state, with heavy losses to the Bolshevik forces.

## Profiteering Not So Bad as Claimed

Board of Commerce, However, Will Prosecute the Guilty Ones

Washington.—The Board of Commerce has issued another written statement upon its policies, and it is as follows:

"The board is pleased to be able to observe as a result of its preliminary survey of business conditions that, despite high prices undoubtedly prevailing, profiteering, so called—that is, the taking of unjust profits—is not, in the board's opinion, as common, nor nearly as common, as many have charged or claimed."

"Business is in the main sound and honest, and the board has a confident hope that business men will be at the board's right hand now in the imminent business—trading and purchasing those among them, according to the new business ethics of this era, who have dishonored their brethren."

The board further says that it has established an elaborate cost and price system. The board can and will try and pronounce guilty or innocent certain classes of offenders against the Combines and Fair Prices Act, sending the guilty to the criminal courts only for sentence; that the board would welcome public, especially municipal, co-operation; and that profiteers and hoarders will experience relentless imposition of the appropriate penalties.

## Would Surrender To the Allies

Ex-Crown Prince Rupprecht Is Now Ready for Extradition

Munich.—In a letter addressed to the president of the Bavarian Reich Council, former Crown Prince Rupprecht of Bavaria, who commanded German armies in Belgium and France during the war, and who is in Switzerland, offers to surrender himself in response to the demands of the entente for the extradition of German army leaders, provided that his action will bring about the release of German prisoners in France.

The former crown prince says the demand for extradition, in view of the fact that the judge and prosecutor are one, "is a mockery of every sense of justice." He volunteers, however, that if the entente insist upon the fulfillment of the extradition clause in the peace treaty before the German prisoners are released that he will present himself for extradition.

**"Sacred" Rights of the People**  
Toronto.—The "Citizens' Liberty League," which was organized to fight the Ontario Temperance Act, in connection with the taking of the referendum last October, Lord Col. H. A. C. Madhoo, of Kootenai, at its president, decided at its provincial convention here to become a political party. Its chief aim so far as Ontario politics may be concerned is to fight against "possible encroachments upon the sacred rights of the individual."

In proportion to its size, Belgium has more miles of railway than any other country.

## Chancellor Says Austrian Nation Is Facing Starvation

Paris.—Austria must have help from the allies in order to save her from famine and bankruptcy, Chancellor Karl Renner, of the Austrian Republic, told the Associated Press in explaining his presence in Paris, where he came to present to the supreme council the situation which he declares, faces his country.

"When I left Vienna, we had only 9,000 tons of flour for 6,750,000 people, a supply of the days only," said Dr. Renner. "Children are dying of hunger and cold in Vienna and 85 per cent. of those between nine months and three years old are suffering with rickets. The loss of weight on the nursing mothers is serious, owing to lack of nutritious food. For this reason it is of the most importance that supplies go forward at once, even while we are in Paris awaiting the result of negotiations for credit, because we must pass before supplies ordered now can reach Austria."

"By help, I mean such assistance as will facilitate our task of keeping the nation alive and at the same time fulfilling our obligations to the allied powers."

"We are now paying thirty pieces for everything we buy. That is to say, the crown has depreciated to one-thirtieth of its normal value."

At the same time, he has exhausted all our reserves in securities and we have nothing left but the resources, which, according to Article 197 of the treaty of St. Germain, are mortgaged to the allies for payment of reparations.

"I am going to ask the supreme council to release from that mortgage a sufficient amount of our national wealth to form the basis of security for loans that are absolutely needed to insure the feeding of our people. What we need first is a long term credit abroad of about \$100,000,000 with which to procure food until the end of October, 1920."

To a representative of the Temps (Paris), the Austrian chancellor said: "The situation in Vienna is a lamentable picture of the situation in Vienna. 'The infantile mortality' said the chancellor 'has reached 25 per cent. A heated house is a thing unknown, and a hot meal a rarity. The coal ration is 15 lbs. pounds weekly per family, and there is a long wait in the street to get it.'

He ended by expressing thanks to the allies for their assistance in showing the Austrians to come to Paris and have before it the state of affairs as it exists in Austria."

"When the world is unable to understand a man it does him a crank."

## Consider Protection Of Three Nations

Paris.—President Clemenceau's approaching visit to London, which will place him in the British capital at the same time with Foreign Minister Scialoja, of Italy, has given rise to speculation here of the possibility that questions of importance to Great Britain, France and Italy will be discussed there. These would have to do, it is suggested, with the taking of measures for the protection of the common interests of these

three nations in question, in case the United States does not ratify the peace treaty or the League of Nations does not begin functioning shortly.

There is even talk of the possibility of the formation of an alliance, with the object of securing the execution of the German treaty and affecting other subjects on the League of Nations program.

### Free Skating On Christmas Afternoon

The Mirror Athletic Club in-  
vite every person, who so desires  
to a free skate on Christmas  
afternoon, on the new rink.  
It is expected that a good  
sheet of ice will be in readiness  
by that time.

### Wedding

A quiet wedding was held in  
the Methodist parsonage, Mir-  
ror, on Wednesday afternoon,  
Dec. 17th, 1919, when John  
Clarke and Violet Sparks, both  
of Mirror, were united in mar-  
riage, only the parents of the  
bride, Mr. and Mrs. T. Sparks,  
being present. The ceremony  
was performed by the pastor,  
Rev. H. Backus. Mr. and Mrs.  
Clarke have taken up their  
residence in Mirror, and have  
the best wishes of many friends  
for a long and happy wedded  
life.

### System One Of The Best

A. M. Jeffers, registered archi-  
tect, of Edmonton, who makes  
a specialty of school work, was  
in town on Wednesday of last  
week, looking over the Mirror  
school building. Some trouble  
has been experienced in heat-  
ing the lower west room, but  
this has now been remedied.  
Mr. Jeffers states that the heat-  
ing system in the Mirror school  
is second to none in Alberta  
for its size. A big improve-  
ment is noticeable since the  
plant was overhauled this fall.

### U. F. A. Dance

Town and country were well  
represented at the annual dance  
given by the Mirror local of the  
U. F. A. last Friday evening,  
despite the fact that the weather  
was anything but pleasant.  
The dance was held in the Mir-  
ror theatre, and the first part  
of the evening was devoted  
principally to the old-time  
dances and these were much  
enjoyed by the old-timers as  
well as the younger generation.  
The Wentworth orchestra from  
Bashaw furnished excellent  
music, and altogether the af-  
fair was one of the best this  
season.

### Christmas Tree Request

The officers and teachers of  
the Mirror Sunday School wish  
to announce that a Xmas Tree  
entertainment will be given in  
the Mirror Theatre on the even-  
ing of Tuesday, Dec. 23, 1919,  
to commence at 7.30 p.m.

All parents and friends are  
cordially invited.

It is requested that parents do  
not place presents on the  
tree for their own children,  
but the school children may  
use the tree as a source of ex-  
change of gifts among them-  
selves, if they wish to.

### Obituary

On Tuesday, Dec. 16th, Mrs.  
Annie Ettinger, passed away at  
Delburne, aged 49 years. The  
deceased was born at Minna-  
ville, N.S. Mr. Ettinger came  
west and established the first  
blacksmith shop in Delburne  
in September, 1913, and sent for  
his late wife and family a year  
later. The following year they  
moved on to the farm. The  
subject of this notice had al-  
ways been in poor health, but  
was not seriously ill until about  
eight days before her death,  
when she passed away, a para-  
lytic stroke being the cause.  
A short service was conducted  
at the Delburne hospital last  
Friday morning at 10 o'clock,  
by Rev. Barker, of the Nazare-  
ne church, and the remains  
were taken east to Minnsville,  
the bereaved husband accom-  
panying the casket. The late  
Mrs. Ettinger was a member of  
the Methodist church and was  
converted in early girlhood,  
and re-dedicated herself in the  
Nazarene church during the  
past summer. She was of a  
very gentle and kindly disposi-  
tion and beloved by all who  
knew her.

The late Mrs. Ettinger was a  
sister-in-law of Mrs. C. H. Wat-  
son, of Mirror, and the latter  
went to Delburne on Wednes-  
day of last week, returning on  
Monday.

Imagine sitting at a table in  
London, pressing a button, and  
hey, presto!--people 4,000 miles  
away have the massage in two-  
fifths of a second. A few weeks  
ago King George presents a but-  
ton at Balmoral, and in a flash  
the people around the memor-  
ial to Sir George Cartier (one of  
the fathers of Canadian Confed-  
eration) in Montreal 3,000 miles  
away, saw the covering shroud  
roll off as if by magic.

The idea is not new. Shortly

before he died, King Edward,  
while staying at Sussex man-  
sion, similarly opened a univer-  
sity in Montreal, and six years  
ago Queen Mary, by merely  
pressing a button in Bickling-  
ham Palace opened a hospital  
in Ontario. Regarding the meth-  
od by which these feats are  
accomplished, a post office offi-  
cial, referring to the unveiling  
of the Cartier statue, explained  
that a line was connected from

Balmoral to the Central Tele-  
graph office in London which  
was connected in turn by cable  
to Halifax, Nova Scotia, the  
current being switched to Mon-  
treal, a small line to the statue  
completing the circuit.

We vote for a world's cata-  
strophe as proscribed for Wednes-  
day last for every cold snap.  
This mild weather certainly  
takes the 'bun'.

**Announcement!**

I BEG TO ANNOUNCE to the public of Mirror and dis-  
trict that I have bought the Mirror Realty business,  
taking possession the 1st of January, and will thereafter  
conduct a General Real Estate and Financial Agency.

I have opened temporary quarters in the G. W. V. A.  
hall, between the Mirror Realty Co. and the City Meat  
Market, where I will be pleased to have you call and get  
acquainted. I will handle

Farm Lands, Town Property, Insurance and Loan Business.  
I will also do Conveyancing, (Transfers, Mortgages, Agreements,  
Wills, Etc.) Auditor, (Official School Auditor and Intermediate Char-  
tered Accountant) and Legal Work.

It will be my earnest endeavor to conduct all my  
business in a thorough, reliable way.

I would like some good listings of Farm Lands as  
soon as possible. I have several clients who want suitable  
lands at once, including:

1. A quarter or half for engine breaking.
2. A good hay quarter.
3. A good dairy farm.
4. A good grain quarter.
